PLAUDITS FOR PATHWAYS

“Pathways is a great way to get yourself out enjoying your Morgans.”
Carole Mercer, Oregon

“My 15-year-old gelding was retired from the show ring by his previous owners, and now he’s my pleasure horse. He had never been used on trails or on the road, and he’s taking to all these new things beautifully, like a Morgan.”

Judith Mijares, New York

“My registered Morgan horse, Windridge Midnight Vixen, and I earned our first award certificate and hours patch for our participation in the American Morgan Horse Association Pathways Program. We are now aiming for the next level of 150 hours!”

Getta Bradley, Idaho

“I am so pleased with your Pathways Program! For me, the lure of the horse is listening and learning. It is about growing and daring. It is about my mare and I becoming more of a team than we are individuals. Our learning is mostly solitary, done in the woods and on the back roads. Show ring honors and ribbons have little place in our world. Your Pathways badges and log sheets help me hold on to varied and wonderful memories of the hours my horse and I have shared. Thank you!”

Helen M. Allard, Vermont
